Gidget Boards Surfs Up Glossy Ceramic

# Seaside Tile Ceramic Collection

Designed by Sue Firestone

Sun, surf and sand inspire the new Seaside Collection of decorative wall tile by renowned interior designer Sue Firestone exclusively for Country Floors. The irresistible tidal pull of California style, for which Ms. Firestone's interiors firm is renowned, imbues these decorative ceramic tiles. Channeling a mix of sizzling 60s mod style and summer-of-love boho inspirations, the award-winning designer has translated her love of coastal living into designs with a fresh and distinctive 21st century vibe. Colors encompass a mix of sand, sea, sky and coral-tinged sunsets.

Organic in spirit and beachy in the best way, this thoughtfully edited capsule collection centers on familiar themes in a new way. The conceptual ovals of Surf's Up are an homage to both the surf life and the spirit of mid-century patterning. What starts out as a whimsical double entendre of quotidian fishing supply and glam fashion statement in Fishnet Galore becomes a sophisticated abstract all-over pattern on a wall. Nautilus Cluster borrows the ageless spiral from the storied creature and uses it to great effect, while the overlapping channeled fan shapes in Layered Coral conjure a reef of dreams.

Suitable for vertical applications in residential and commercial projects, The Seaside Collection marks the second in an exclusive new series of Country Floors tiles in collaboration with top thought leaders in design.
